Valuation for Traditional Retail Insurance Replacement

Item 1

One, hand assembled 18ct white gold, multi-stone, ring set, of cast construction.

The set comprising a 18ct white gold diamond set engagement ring with a matching 18ct white gold, diamond set wedding and eternity rings. Each ring having a plain, narrow, low half round, band with a combined basal width of 6.94mm x 2.05mm in depth.

The engagement ring has a central bezel setting, housing one Princess cut diamond, bezel set. The central setting is embellished with millegrain detail. Surrounding is one row of twenty round brilliant cut diamonds, bead set. The top plate is secured to the underrail and in between the shoulders. Each of the shoulders has one row of six round brilliant cut diamonds, bead set.

The matching wedding and eternity rings are identical. There is one row of twelve round brilliant cut diamonds, spanning across the top of band, bead set. The settings are secured between the shoulders of the plain and polished band. The wedding and eternity ring sit alongside the engagement ring above.

Polished finish. Stamped '750 Temelli makers mark' - acid tested as 18 carat gold. Ring size: I 1/2 - J 1/2.

The ring set contains:

One bezel set Princess cut diamond, clarity is "Vs", colour is "G".

The article(s) described above have been examined and the values given are an expression of our opinion on the date stated. Gemstones have not been removed from the settings for accurate assessment and all grades, weights, and dimensions are approximate, unless otherwise stated. Whilst all care has been taken in making this valuation, no liability is accepted other than to the person to whom the certificate is given for any errors or omissions, including any liability to the person by reason of negligence. This valuation is NOT transferable to any third person or party. Values expressed in Australian dollars (including GST) and are based on current market conditions. This valuation has been made with the standards and methods of the National Council of Jewellery Valuers, using accepted procedures, and systems advocated by this organisation. The values are based on the valuer's judgment of gemstone quality, mounting and manufacturing costs and are made to the best of the valuer's ability. A diamond colour grading of "F" (Rare White Plus) or better and a clarity grading of Vvs (or better), cannot be given to a set diamond. A valuation of a certified diamond is based upon the gradings provided on the certificate. The replacement figure of older cut diamonds is based upon the modern cut equivalent of same estimated weight, colour, and clarity. A valuation for Traditional Retail Insurance Replacement does not infer any saving on a purchase price and will not be indicative of the resale value of the item.
