VALUATION CERTIFICATE DISCLAIMER AND EXPLANATIONS

The valuation as stated on this document and any opinions expressed herein are based upon all reasonable steps having been taken to ensure the utmost accuracy in accordance with applicable standard valuation practices. In consideration for the provision of this valuation the recipient of this valuation or his/her/its servants/agents and or third parties expressly release the valuer's as named on this document or it's/his/hers servants or agents from any legal liability howsoever arising for any loss, damage or right to compensation or damages or any other relief absolutely arising out of the provision of this valuation and shall act as a complete bar and defence to any proceedings howsoever constituted to any action brought against the person or entity named as the valuer on this document upon which the valuer has substantially relied providing this valuation. This valuation is not suitable or any purpose other than the purpose(s) stated above and should not be relied on by any entity besides the addressee, unless specifically noted in writing. The valuation has been calculated as at the date specified and no allowance has been made for potential variations in currency and /or commodities markets that may occur after that date. Allowance for any such potential variations should be considered prior to relying on the Valuation after that date specified.

Cut grade calculated by
 GIA Facetware™

The following were, at the time of examination by the Australian Diamond Grading Laboratory (ADGL), the characteristics of the diamond described herein using the following equipment: 10x magnification (fully corrected triplet loupe and binocular microscope), diamondlite, diamond colour master stones and digital diamond colour grading machine, ultraviolet lamps, millimetre gauge, carat balance, OGI MegaScope Proportion Analyser and ancillary instruments as necessary.

This diamond has been graded under the internationally recognised standards of the 4Cs; Carat Weight, Colour, Clarity and Cut. This report is not a valuation or appraisal. The recipient of the report may wish to consult an accredited jeweller or gemmologist about the importance and interrelationship of cut, colour, clarity and carat weight.

The characteristics for this diamond have been established in accordance with strict guidelines for quality control and using scientific methods together with state of the art technology.
