Valuation for Traditional Retail Insurance Replacement

Item 1

One, hand-finished raised, 14ct white gold & diamond set (synthetic laboratory grown), solitaire ring. Wide, flat, low half round, parallel band, measures 5.72mm width (at base) x 1.92mm depth, with curved underrail open back setting, underneath.

Feature; "solitaire dress style" band. Comprising, a raised setting to centre, houses one Princess cut diamond, (synthetic laboratory grown), rub over set. The extended shoulders, of the wide band, runs parallel up to the base of the central setting, from both sides. The wide band also features a central fine groove, this runs from the setting on the outer circumference of the band, up to the opposite side of the rub-over setting on top.

Polished finish, stamped "Lg (symbol), BENCHMARK (R) 14k" - acid tested as 14 carat gold.

Finger size = O.

The ring contains;

One rub-over set Princess cut (synthetic laboratory grown) diamond, clarity is "Vs1", colour is "G", good cut quality.

Dimensions = 4.51mm (L) x 4.48mm (W) x 3.28mm (D-estimated)

Total Weight = 0.55ct (estimated - see NOTE below).

Total Item Weight = 7.81 grams, Total Gemstone Weight = 0.55ct, Total Metal Weight = 7.70 grams (estimated)

NOTE: Limited gemmological testing, inset indicates, the Princess cut diamond is "synthetic laboratory grown" this would require unsetting, for full gemmological testing by The Australian Gem Testing Laboratory, for verification & ID, & may alter the value. Due to setting constraints, the exact dimensions of the Princess cut (synthetic laboratory grown) diamond, cannot be ascertained. Therefore, weight of the Princess cut (synthetic laboratory grown) diamond, is very much estimated. For accurate testing, weights, colour, and clarity gradings, the Princess cut (synthetic laboratory grown) diamond. The below replacement figure is based upon crafting a similar ring employing similar materials and techniques being for a retail insurance purpose only. This figure does not represent the previous selling price of the item and will not be indicative of the resale value of the item.

The article(s) described above have been examined and the values given are an expression of our opinion on the date stated. Gemstones have not been removed from the settings for accurate assessment and all grades, weights, and dimensions are approximate, unless otherwise stated. Whilst all care has been taken in making this valuation, no liability is accepted other than to the person to whom the certificate is given for any errors or omissions, including any liability to the person by reason of negligence. This valuation is NOT transferable to any third person or party. Values expressed in Australian dollars (including GST) and are based on current market conditions. This valuation has been made with the standards and methods of the National Council of Jewellery Valuers, using accepted procedures, and systems advocated by this organisation. The values are based on the valuer's judgment of gemstone quality, mounting and manufacturing costs and are made to the best of the valuer's ability. A diamond colour grading of "F" (Rare White Plus) or better and a clarity grading of Vvs (or better), cannot be given to a set diamond. A valuation of a certified diamond is based upon the gradings provided on the certificate. The replacement figure of older cut diamonds is based upon the modern cut equivalent of same estimated weight, colour, and clarity. A valuation for Traditional Retail Insurance Replacement does not infer any saving on a purchase price and will not be indicative of the resale value of the item.
