Valuation for Traditional Retail Insurance Replacement

Item 1

One, lady's hand-assembled raised, platinum & gemstone set, solitaire ring. Plain, narrow, low half round, tapered band, measures 2.41mm width (at base) x 1.16mm depth, with curved underrail, open back setting, underneath.

Feature; "solitaire style" ring design. Comprising, a raised multi claw basket setting, houses one large round, faceted, black 'synthetic moissanite', claw set. The extended shoulders, of the band, tapers up with pointed end terminations, to both sides.

Polished finish, unstamped - acid tested & x-rayed as platinum.

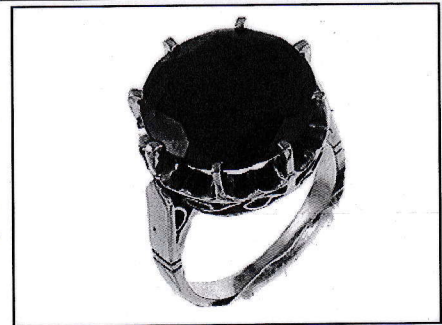

Finger size = J.

The ring contains;

- One claw set round synthetic moissanite, colour is "black - opaque".
- Dimensions = 13.88mm (Diameter) x 6.61mm (D-estimated)
- Total Weight = 8.18ct (estimated - see NOTE below).

Total Item Weight = 7.59 grams, Total Gemstone Weight = 8.18ct, Total Metal Weight = 5.95 grams (estimated)

Limited gemmological testing inset. The black gemstone may possibly be treated black diamond or treated synthetic black moissanite. Limited testing, whilst set, cannot determine the nature of these gemstones. Therefore, the black gemstone, would require removal from its setting for full and accurate gemmological testing. The below replacement figure is based upon crafting a similar ring employing similar materials and techniques being for a retail insurance purpose only. This figure does not represent the previous selling price of the item and will not be indicative of the resale value of the item.

Insurance Replacement Valuation \$7,600.00

The total of the one item included in this valuation is Seven Thousand Six Hundred dollars.

Total Value = \$7,600.00

These items were valued for Cash Converters

The article(s) described above have been examined and the values given are an expression of our opinion on the date stated. Gemstones have not been removed from the settings for accurate assessment and all grades, weights, and dimensions are approximate, unless otherwise stated. Whilst all care has been taken in making this valuation, no liability is accepted other than to the person to whom the certificate is given for any errors or omissions, including any liability to the person by reason of negligence. This valuation is NOT transferable to any third person or party. Values expressed in Australian dollars (including GST) and are based on current market conditions. This valuation has been made with the standards and methods of the National Council of Jewellery Valuers, using accepted procedures, and systems advocated by this organisation. The values are based on the valuer's judgment of gemstone quality, mounting and manufacturing costs and are made to the best of the valuer's ability. A diamond colour grading of "F" (Rare White Plus) or better and a clarity grading of Vvs (or better), cannot be given to a set diamond. A valuation of a certified diamond is based upon the gradings provided on the certificate. The replacement figure of older cut diamonds is based upon the modern cut equivalent of same estimated weight, colour, and clarity. A valuation for Traditional Retail Insurance Replacement does not infer any saving on a purchase price and will not be indicative of the resale value of the item.
