The articles described above have been examined and the values given are an expression of our opinion on the date stated. Gemstones have not been removed from the settings for accurate assessment and all grades, weights, and dimensions are approximate, unless otherwise stated. While all care has been taken in making this valuation, no liability is accepted other than to the person to whom the certificate is given for any errors or omissions, including any liability to the person by reason of negligence. This valuation is NOT made available to any third person or party. Values expressed in Australian dollars (including GST) and are based on current market conditions. This valuation has been made with the standards and methods of the National Council of Jewellery Valuers, using accepted procedures, and systems administered by this organization. The values are based on the valuer's judgement of gemstone quality, mounting and manufacturing costs and are made on the basis of the valuer's ability. A diamond colour grading of "F" above White Paper or better and a clarity grading of "FV" or better, cannot be given to a set diamond. A valuation of a certified diamond is based upon the gradings provided on the certificate. The replacement figure of other set diamonds is based upon the valuer's opinion of their estimated weight, colour, and clarity. A valuation for Traditional Retail Insurance Replacement does not alter any warranty or purchase price and will not be indicative of the resale value of the item.
