Valuation for Traditional Retail Insurance Replacement

Item 1

One, hand-assembled, 18ct yellow gold, articulated, gem set bracelet.

Feature open back bezel settings, housing twelve glass filled natural rubies, thirteen natural blue sapphires, and twelve natural green sapphires, all tapering in size, rub-over set. The settings are articulated by the outer linkages, with ball design.

Small Asian 'S' style clasp fitted.

Polished finish - stamped '18K' - acid tested as 18 carat gold.

Bracelet dimensions = 19.00cm (length including clasp) x 8.43mm (ave. width).

The bracelet contains:

Thirty Seven rub over set mixed cut oval shaped corundum ie. 12 x glass filled natural rubies, 13 x blue sapphires, 12 x green sapphires, colour 'medium dark to dark' (mixed).

Dimensions = 4.23mm(L) x 3.27mm(W) x 2.05mm(D-estimated) (smallest)

Dimensions = 5.03mm(L) x 3.56mm(W) x 2.25mm(D-estimated) (largest)

Total Weight = 10.73ct (estimated - see NOTE below)

Total Item Weight = 10.27 grams

Total Gemstone Weight = 10.73ct

Total Metal Weight = 8.12 grams (estimated)

NOTE: The rubies have been enhanced by means of filling with a glass type substance. This treatment is not stable and can be damaged by heat or ultrasonic frequencies. A treated ruby of this type is not commercially available in Australia. Therefore, the below replacement figure is based upon procuring similar treated rubies from an overseas source. This figure includes the currency conversion, import duty, and GST. Due to setting constraints, the exact dimensions of the gemstones cannot be ascertained. Therefore, weights of the gemstones are very much estimated. For accurate testing, weights, colour, and clarity gradings, the gemstones require removal from the settings. Additional to the above ruby note, the below replacement figure is based upon crafting a similar bracelet employing similar materials and techniques being for a retail insurance purpose only. This figure does not represent the previous selling price of the item and will not be indicative of the resale value of the item.

Insurance Replacement Valuation \$5,000.00

The total of the one item included in this valuation is Five Thousand dollars.

Total Value = \$5,000.00

These items were valued for Cash Converters

The article(s) described above have been examined and the values given are an expression of our opinion on the date stated. Gemstones have not been removed from the settings for accurate assessment and all grades, weights, and dimensions are approximate, unless otherwise stated. Whilst all care has been taken in making this valuation, no liability is accepted other than to the person to whom the certificate is given for any errors or omissions, including any liability to the person by reason of negligence. This valuation is NOT transferable to any third person or party. Values expressed in Australian dollars (including GST) and are based on current market conditions. This valuation has been made with the standards and methods of the National Council of Jewellery Valuers, using accepted procedures, and systems advocated by this organisation. The values are based on the valuer's judgment of gemstone quality, mounting and manufacturing costs and are made to the best of the valuer's ability. A diamond colour grading of "F" (Rare White Plus) or better and a clarity grading of Vvs (or better), cannot be given to a set diamond. A valuation of a certified diamond is based upon the gradings provided on the certificate. The replacement figure of older cut diamonds is based upon the modern cut equivalent of same estimated weight, colour, and clarity. A valuation for Traditional Retail Insurance Replacement does not infer any saving on a purchase price and will not be indicative of the resale value of the item.
