Valuation for Traditional Retail Insurance Replacement

Item 1

One, hand-assembled, 14ct white gold, 'solitaire' design, diamond set ring.

Plain, narrow, tapered band of 1.30mm in width (at base) x 1.28mm depth.

Feature 'solitaire' style ring design, consisting of a six claw setting, housing one round brilliant cut diamond, claw set. Secured between the shoulders of the plain and polished band.

Polished finish.

Unstamped - acid tested as 14 carat gold.

Finger size is H.

The ring contains:

One claw set round brilliant cut FRACTURE FILLED diamond.

Dimensions = 6.22mm(Dia) x 4.01mm(D-estimated) x 8%(Girdle Thickness)

Total Weight = 1.00ct (estimated - see NOTE below)

Total Item Weight = 1.58 grams

Total Gemstone Weight = 1.00ct

Total Metal Weight = 1.38 grams (estimated)

NOTE: Due to setting constraints, the exact dimensions of the diamond cannot be ascertained. Therefore, the weight of the diamond is very much an estimation. The diamond has been enhanced by means of filling with a glass type substance. This treatment is not stable and can be damaged by heat or ultrasonic frequencies. Due to this filling, colour and clarity gradings have not been assigned. The below replacement figure is based upon crafting a similar ring employing similar materials and techniques with a fractured filled diamond of similar appearance being for a retail insurance purpose only. This figure does not represent the previous selling price of the item and will not be indicative of the resale value of the item.

Insurance Replacement Valuation \$7,400.00

The total of the one item included in this valuation is Seven Thousand Four Hundred dollars.

Total Value = \$7,400.00

These items were valued for Cash Converters

The article(s) described above have been examined and the values given are an expression of our opinion on the date stated. Gemstones have not been removed from the settings for accurate assessment and all grades, weights, and dimensions are approximate, unless otherwise stated. Whilst all care has been taken in making this valuation, no liability is accepted other than to the person to whom the certificate is given for any errors or omissions, including any liability to the person by reason of negligence. This valuation is NOT transferable to any third person or party. Values expressed in Australian dollars (including GST) and are based on current market conditions. This valuation has been made with the standards and methods of the National Council of Jewellery Valuers, using accepted procedures, and systems advocated by this organisation. The values are based on the valuer's judgment of gemstone quality, mounting and manufacturing costs and are made to the best of the valuer's ability. A diamond colour grading of "F" (Rare White Plus) or better and a clarity grading of Vvs (or better), cannot be given to a set diamond. A valuation of a certified diamond is based upon the gradings provided on the certificate. The replacement figure of older cut diamonds is based upon the modern cut equivalent of same estimated weight, colour, and clarity. A valuation for Traditional Retail Insurance Replacement does not infer any saving on a purchase price and will not be indicative of the resale value of the item.
